

Coaching, Mentoring, Research, Education and Training Award Nomination example

We want to encourage all staff to consider nominating an individual for the prestigious 'Coaching, Mentoring, Research, Education and Training Award' at the upcoming Staff Recognition Awards. As an example, we've used a member of the Nurse Education and Practice Development Team to illustrate how to submit an individual nomination. If you have an individual/team in mind that has gone above and beyond, exemplifying extraordinary service, commitment, and exceptional contributions, we encourage you to use this as a guide to craft your nomination, which we hope you will find helpful.

The Coaching, Mentoring, Research, Education and Training Award is a broad award category and you only need to demonstrate that the nominee excels in one area of coaching, mentoring, research, education or training. The nominee can of course excel in more than one area.
